Disclaimer

Blueberry Diagnostics Inc. has not developed the Lung Imaging Report and Database System (LUNG-RADS). LUNG-RADS was developed in 2014 by the American College of Radiology (ACR), as a method to help in radiology findings classification. Its mission is to standardize the terminology and the systematic for the radiological report, categorize injury by establishing a degree of suspicion, as well as assign the attitude that should be taken in each case. Blueberry Diagnostics Inc. has implemented it for training or educational purposes only. You assume total responsibility for your use.
